

On behalf of Alpine Ontario I would like to welcome all athletes, coaches, parents, officials, sponsors and of course our amazing volunteers to the 2017 U16 Mackenzie Investments National Alpine Ski Championships being held in Thunder Bay!

Alpine Ontario, in collaboration with the Lake Superior Division and Alpine Canada, is delighted to be host Province for the 1st ever U16 Nationals event. AOA is extremely proud to work with LSDA, an Ontario division with a strong track record hosting provincial and national events both in Alpine and Nordic disciplines. The community of Thunder Bay has worked tirelessly and has embraced the opportunity to host the country's next brightest stars with an unprecedented level of passion and commitment. Thunder Bay prides itself as being one of Canada's great ski towns with a rich history of competitive skiing in alpine, nordic and jumping. We know that everyone who comes to Thunder Bay will catch the spirit!

Needless to say we couldn't be more excited for the championships to get under way!! Over the course of the week our competitors will be met with an experience that goes far beyond just a starting and finishing line as one of our goals and aspirations as an organization is to leave a long lasting impression on our competing athletes that they will carry with them for the rest of their lives!

Thank you all for your commitment to ski racing and congratulations to all 2001 and 2002 qualifiers for U16 Nationals 2017. Good luck and have fun!

See you on the race pistes,

Scott Barrett
Executive Director
Alpine Ontario Alpin
